Re: Your OFIN dated June 27, 1958.

Dear Al :

I am sorry to have failed you on the Rossi Collection assignment but since you mentioned Stoessel I had to clear it with him and as is always the case he referred me to Thoenen. My short DG-4, before my vacation left everything pending.

Now I have seen Thoenen who informs me that the collection has been bought in toto or part by the Biblioteca G.C. Feltrinelli at Milan.

Sorry to have been so useless but if you had not mentioned Stoessel, I would have gone directly to Rossi's secretary or himself and gotten quicker reply.

Lots of regards.

Sincerely,

Mamuel Sanchez
